EU STRATEGY FOR THE DANUBE REGION. PILLAR 2. PRIORITY AREAS 4, 5, 6

A - Project Status

1. Project title (long title and acronym, if any)

Improvement of the Integrated Coastal Zone Management in the Black Sea Region, ICZM

2. Main Priority Area and Action under Pillar 2 to which the project idea is to be submitted to

PA 4.12 To strengthen general awareness and facilitate exchange of good practice in integrated water management issues in the Danube Basin among decision-makers at all levels and among the population of the Region

3. Other Priority Areas and Actions under Pillar 2 the project is contributing to (please select three at maximum). In case the project addresses also other Priority Areas, please list them in field 19.

4. Current Project Phase

Project currently under implementation, on-going

B - Project description

5. Project relevance (Please outline the relevance and necessity from a macro-regional perspective. What are the benefits of the project for the implementation of the EUSDR?)

Taking into account that the action to which the above mentioned project is belonging, is meant to make connection between the Danube River and the Black Sea, and the Danube River is the most important tributary for the Black Sea, any actions taken within the Danube River Basin will influence the Black Sea marine environment.

The project will support the improvement and development of an Integrated Coastal Zone Management addressing to the area at the interface between land and sea while the Maritime Spatial Planning will focus on the activities developed on sea. Both of them will focus on water environment quality.

6. Project general and specific objectives

Overall: To improve quality of maritime environment using common innovative methodologies for Integrated Coastal Zone Management plans within the Black Sea region to assure the economical use of resources

Specific: develop common and coherent ICZM approach within the regions

provide integrated support for the stakeholders

increase the level of public participation in the decision-making process

7. Proposed project activities and their location(s). (Please list main and sub-activities). The most part of the project, its activities and its related impacts should be located in the Danube Region.

GA 1: Developing an ICZM common approach in Project area

GA 2: Creating resources for Black Sea Basin ICZM

GA 3: Public participation in ICZM process

GA 4: Visibility of the Action
